Batesburg-Leesville Library, 203 Armory Street Batesburg, SC 29006

October 17, 2017 6:00 pm

SUCCULENTS

Succulents plants are always in style. With juicy leaves, stems, or roots, succulents form a vast and diverse group of plants, offering easy-care choices for your home. Plus, they look stunning planted alone or as companions. While some types of succulents have somewhat exacting care requirements, most are easy to grow because they evolved with special water-storage tissues that allow them to survive in environments that are too dry for most other plants.

Swansea Library, 199 N. Lawrence Avenue, Swansea, SC 29160

November 13, 2017 6:00 p.m.

PERENNIAL EDIBLE GARDENS

Eat your yard! We aren't talking about tomatoes, squash, and the usual annuals that we plant every year. Learn about perennial edible plants that can keep giving year after year.

Batesburg-Leesville Library, 203 Armory Street Batesburg, SC 29006

November 14, 2017 6:00 p.m.

SHADE GARDENING

Lexington Master Gardeners will share Clemson Extension's tried and true tips for gardening in the shade. The program will include suggestions for planting and learning how to turn your garden into an oasis to enjoy.

Swansea Library, 199 N. Lawrence Avenue, Swansea, SC 29160

Clemson University Cooperative Extension Service offers its programs to people of all ages, regardless of race, color, sex, religion, national origin, disability, political beliefs, sexual orientation, marital or family status and is an equal opportunity employer.
